EDUCATION

Monash University

Feb 2023 – Nov 2026 (Expected)

Bachelor of Computer Science • Advanced Computer Science

Melbourne, Australia

Bachelor of Commerce • Econometrics

- WAM: 88.240
- Achievements: IT Excellence Scholarship

EXPERIENCE

Monash University

Feb 2024 - Mar 2024

Programming Bootcamp Tutor

Melbourne, Australia

- Conducted sessions introducing Python to undergraduate and postgraduate students.
- Covered topics including functions, loops, and data structures to establish strong foundational skills.

Mathematics Tutor

Dec 2022 - Nov 2023

Ezy Maths Tutoring

Melbourne, Australia

- Organized and prepared classes for year 12 students in Specialist Maths and Mathematical Methods.
- Developed a specialized teaching strategy catered to students.

PROJECTS

YouTube Clone | *TypeScript, Next.js, Express.js, GCP, Firebase*

GitHub

- Designed and implemented a full-stack application replicating core YouTube functionalities.
- Leveraged Google Cloud Platform for scalable backend services and Firebase for user authentication and data storage.
- Built the frontend using Next.js for server-side rendering and optimized performance.

Markdown to HTML Parser | *Haskell, TypeScript, RxJS*

GitHub

- Developed a seamless Markdown-to-HTML parser, with back-end in Haskell and front-end in TypeScript.
- Leveraged functional programming principles to ensure efficient and reliable text conversion across platforms.

Guitar Hero | *TypeScript, RxJS*

GitHub

- Developed a rhythm game using functional reactive programming with RxJS in TypeScript.
- Implemented features such as song import functionality, scoring system, and multiplier mechanics.

Electronic Trading Bot | *Python*

GitHub

- Conducted statistical arbitrage and algorithmic trading across Bonds, ADRs and ETFs.
- Used hedging strategies to mitigate market volatility and ensure stable portfolio performance.
- Placed 7th out of 25 selected students across APAC in the Jane Street ETC Competition.

EXTRACURRICULAR

- Participant in the Software Engineering track of the **IMC Launchpad Program**.
- Participant in the **Citadel Securities Discovery Program**.
- Participant in the Software Engineering track of the **Jane Street SEE Program**.

TECHNICAL SKILLS

Selected languages	Python • Java • TypeScript • SQL • R
Selected tools	Git • Linux • Docker • Express.js • Next.js • GCP
Spoken languages	English (native) • Chinese (native)

Monash University Unofficial Student Academic Record

Shengdie Wang

Student ID: 33899835

Course: BACHELOR OF COMMERCE AND BACHELOR OF COMPUTER SCIENCE (B2008)						
Category		Title		Code	Status	
SPECIALISATION		Advanced computer science		COMPSCI03	NOMINATED	
MAJOR		Econometrics		ECONOMTR05	NOMINATED
