# MICHAEL S. WANG

**J** 0416751630 **☑** a0416517630@icloud.com **m** michaelwsd **n** michaelwsd

### **EDUCATION**

Monash University Feb 2023 - Nov 2026

Bachelor of Computer Science • Advanced Computer Science

Bachelor of Commerce • Econometrics

WAM: 87.185 (HD)

**EXPERIENCE** 

Monash University Feb 2024 - Apr 2024

**Programming Bootcamp Tutor** 

Melbourne, Australia

Melbourne, Australia

Melbourne, Australia

- o Delivered 10+ interactive Python tutorials to over 100 undergraduate and postgraduate students.
- o Facilitated hands-on learning of algorithms and data structures, improved student engagement and comprehension.
- Provided 1:1 support during exercises to reinforce understanding and address individual learning needs.

Mathematics Tutor Dec 2022 - Nov 2023

Ezy Maths Tutoring
Tutored 15+ Year 12 students in Specialist Maths and Mathematical Methods.

- Tutored 13+ feat 12 students in Specialist Matris and Matrielliatical Methods
- Designed tailored lesson plans to match individual learning styles and goals.
- o Improved student results by an average of 20% through targeted support and practice.

## PROJECTS (CERTIFICATIONS)

**ShelfAware** (demo) | JavaScript, React, Firebase, Gemini API, Tesseract API

GitHub

- One of nine winners of **UNIHACK 2025** out of 700+ participants for co-developing a web app to reduce food waste by tracking grocery expiration dates.
- Led the integration of user authentication and Firebase live database, ensuring secure and efficient data storage.
- Leveraged OCR (Tesseract) to read receipts and various APIs (Gemini, Google Maps) to enhance functionality.

Markdown to HTML Parser | Haskell, TypeScript, RxJS, REST API

GitHub

- o Developed a seamless Markdown-to-HTML parser, with back-end in **Haskell** and front-end in **TypeScript**.
- Leveraged **functional programming principles** to ensure efficient and reliable text conversion across platforms.

Movie Vault (demo) | HTML, CSS, JavaScript, React, REST API

GitHub

- Developed a movie discovery web app using React and JavaScript.
- o Integrated the website with the TMDB API to fetch and display movie details dynamically.
- o Implemented search and like functionality for users to find and save movies using local browser storage.

#### **Guitar Hero** | *HTML*, *CSS*, *TypeScript*, *RxJS*

GitHub

- Developed a rhythm game using functional reactive programming with RxJS in TypeScript.
- Implemented features such as song import functionality, scoring system, and multiplier mechanics.

## CO-CURRICULAR

- ESDA Software Engineer at Monash Connected Autonomous Vehicle (2025)
- **UNIHACK Hackathon**, People's Choice Award (2025)
- IMC Launchpad Program attendee (2024)
- Citadel Securities Discovery Program attendee (2024)
- Jane Street SEE Program attendee (2024)

#### **SKILLS**

- **Programming:** Python, Java, TypeScript, R, SQL
- Web: HTML, CSS, React, Node.js, PostgreSQL
- Tools: Git, Linux, Bash
- Languages: English (native), Chinese (native)
